**CATHARINE T. SMITH**  
The angel of death visited the home of Mr. and Mrs. Peter Smith on Saturday evening last and removed their daughter, Catharine Theresa, after a long illness, which baffled the medical profession. Deceased was aged 24 years and 11 months. The funeral took place on Sunday morning, services being held in the Roman Catholic church, and the interment taking place in the R.C. cemetery. A large number of the friends were in attendance to pay their last tribute of respect to the departed. We had in attending the deepest sympathy to the bereaved family.

**PETER ARP**  
The residents of the city and district will be surprised to learn that another old-timer in the community passed away this Thursday morning at his home. Peter was a native of Sweden and had been in the city for many years. He was a well-known and respected citizen. The funeral services were held on Saturday morning at the home of his wife, Mrs. Anna Arp. A large number of friends were in attendance. The interment was in the R.C. cemetery.

**ADA MATSON**  
There passed away at her home in the city on Thursday morning, January 8th, 1914, Mrs. Ada Matson, nee Johnson, aged 74 years. She was a native of Sweden and had been in the city for many years. She was a well-known and respected citizen. The funeral services were held on Saturday morning at the home of her son, Mr. John Matson. A large number of friends were in attendance. The interment was in the R.C. cemetery.

**ELECTIONS IN LOCAL IMPROVEMENT DISTRICTS**  
Very little interest was shown in the nominations for councilors in local improvement districts No. 48 and 49 on Monday last. The councilors for all the divisions in both the districts were elected by acclamation with the exception of two—one in each division. The following are the results of the nominations:  
L. I. D. No. 48  
Div. 1—P. L. Greiner, Acclamation.  
Div. 2—J. O. Gibson, Acclamation.  
Div. 3—Amos Doupe, Acclamation.  
Div. 4—P. D. P. Acclamation.  
Div. 5—V. E. Thompson, Acclamation.  
In Div. 6, B. R. Bauman and J. Maynard have been placed in nomination and an election will take place on Monday next, with G. H. Burkhardt as deputy returning officer.  
L. I. D. No. 49  
Div. 1—There will be an election in this division, as the names of J. P. Bisdinger, George Hink and John Hill are in nomination.  
Div. 2—Abner Pearson, Acclamation.  
Div. 3—J. A. McRae, Acclamation.  
Div. 4—John Olson, Acclamation.

First Vote of Council a Tie Mayor Delivers Inaugural Address Standing Committee Appointed. Ald. MacEachern in Deputy Mayor Council will Meet Weekly

The first meeting of the council for 1914 was held on Monday evening with all the members present.

After the reports of the returning officer reported that all the newly elected members had taken the oath of office. Mayor Ellis delivered his inaugural address, stating that he was glad of the honor conferred upon him, and he felt with the good council elected to assist him, it would be comparatively easy to make the year 1914 the banner year for Wetaskiwin. In referring to the work of the new council, he favored an immediate reduction in the light and power charges, so that they would be effective in January. He would like to have a by-law passed regarding the electric light department. The public works committee should not spend too much money this year but what is spent should go towards setting up the leading roads coming to the city in connection with the telephone system, he proposed to find out what rights the telephone department had to the use of the streets and would possibly inaugurate some scheme whereby the telephone poles would be removed of the main streets to the lines. The issue of by-law should be amended and made more definite. In referring to the gas wells, His Worship stated that the wells should be put down. He hoped the proposition before them all the time. A by-law should also be passed regarding new subdivisions, so that the city would be kept as compact as possible. The reports of committees should always be made in writing. A list of the city employees with the salary drawn by each was submitted to the board, and a standing order will be made to have these paid each month, without passing through committee. The bulk of the work of the council would have to be done during the first three or four months, and weekly meetings would be held. He thought the clerk should be authorized to procure a copy of some recognized authority on parliamentary procedure and the meetings of the council conducted accordingly. He concluded by hoping that the work of the council would be conducted expeditiously, and that the work would be made as easy as possible for all.

The draft of committee was then submitted by His Worship, the first named alderman being the chairman. Finance—Ald. Cutler, MacEachern and Compton.  
Fire and Water—Ald. Gross, Compton and Wallace.  
Public Works—Ald. Compton, Gross and Cutler.  
Police, License and Relief—Ald. Wallace, Cutler and MacEachern.  
Electric Light—Ald. MacEachern, Gothard and Cutler.  
Cemetery and Parks—Ald. Gothard, Gross and Wallace.  
Ald. Compton's motion he was entitled to the chairmanship of the electric light committee, and this caused considerable discussion. It was moved by Gothard-Cutler that the draft of committee be submitted by the mayor be endorsed. It was moved in amendment by MacEachern-Wallace—that the name of

Ald. Wallace gave notice that at the next meeting he would introduce a law appointing a veterinary inspector for the ensuing year.  
Wallace-MacEachern—that the chief of police appointed a keeper for the ensuing year. Carried.  
Wallace-Gross—that the appointment of Ivan De Villiers as assistant post keeper by the chief for the year 1914, be ratified. Carried.  
Gross-Cutler—that R. Campbell be appointed official scavenger, without remuneration, for the year 1914. Carried.  
Gothard-Gross—that the police, market and license committee be requested to bring in a report re the nuisance ground.

A letter will also be written to the veterinary surgeons in the city stating that the city is prepared to receive applications for the position of veterinary inspector for the year 1914.

on Tom Gross—that the appointment of grave digger be referred to the chairman of the cemetery and parks committee to make best arrangements possible. Carried.  
The appointment to the Hospital Board were then made as follows: Ald. Compton, Ald. Gothard, Harding, As H. Wright, C. D. Eaman, A. G. Gross, J. P. F. Fowler and A. B. Rosen and Mayor Ellis.  
Ald. Wallace was appointed to the Health Board for three years and Ald. Gross for two years.  
Dr. Nordbye and H. J. Montgomery were then re-appointed as members of the Library Board for one year.  
Meeting adjourned until Tuesday evening, the 13th inst.

Wetaskiwin Beats Camrose

**In First Game of Hockey League Wetaskiwin Crystals Play Kings Around Camrose. Score 4 to 0**

The first game of the western division of the Delta River Hockey League was played on the local ice on Monday evening the contending teams being Camrose and the Wetaskiwin Crystals. The game was a hard fought one, but the Crystals won by a score of 4 to 0. The following was the lineup:  
Camrose—Goal, A. Price; point, Christensen; center point, Watt; rover, Stranstad; left wing, Marriott; center, McKelvey; right wing, Ayre.  
The following was the lineup:  
Crystals—Goal, Wilkins; point, (blank); center point, Watt; rover, Stranstad; left wing, Marriott; center, McKelvey; right wing, Ayre.

The Crystals are a well-balanced and speedy team, and with systematic training, should have no difficulty in winning the championship of the district. They are deserving of generous support on the part of the citizens of Wetaskiwin.

The next game will be played at Camrose on Tuesday evening of this week.

The Wetaskiwin Crystals went to Edmonton South on New Year's Day to play the return game with the Falcons. It is reported that it was an excellent game. In any event, the Crystals boys turned the tables on their opponents and won by the score of 4 to 2.

Frank Heric made the first tally for the Crystals in the first period. In the first period, the Crystals added two more to the score, James scoring four minutes before the end of the first period, and A. Heric found the net eight minutes later. In the final period, James again tallied after making a nice rush to the net. The final score was: Wetaskiwin Crystals, 4; Camrose, 0.

E. Pearce of Camrose had the game.

**POLICE COURT**  
Mike Lanting, who has been employed at the lumber camps of Pelton & Pavett, at Battle Lake, for some time, was brought to the city last week, and on Friday was tried before H. D. Mills, J.P., on the charge of attempting to commit suicide. He cut his hand open with a razor, and later cut his throat with a razor. He was committed to the city jail.

On December 1st, Geo. Gering, and Mike Krueger, who live west of Miles, appeared before O. Shantz and H. D. Mills, Justices of the Peace, on a charge of stealing a dressed hog from a man named Zille, who lives north east of Miles. Both the accused were sentenced to the Fort for two months.

Several improvements were made to the Angus Theatre recently which will add to the comfort of the patrons.

The next dance, under the auspices of the Wetaskiwin Amusement Club will be held on Thursday evening next Jan. 15th.

Miss Florence Killey spent a part of the Christmas vacation the guest of the Misses Bailey, North Cooking Lake.

Mr. Lucas and Noble Morrison left Monday night for different places in Ontario, where they will remain acquaintances for two or three months.

The many friends of Miss Annie Bragdon, who underwent a serious operation at the hospital last week are pleased to learn that she is now convalescing nicely.

The same's played on New Year's Day and the results selected by the president and vice-president were very interesting. When the figures were tallied it was found that the result was a tie. In the play of the vice-president won out. The president won in the Christmas draw.

You can get a better business training right here in Wetaskiwin. You get to know the business and you get to know the people.

Three rats of Wetaskiwin curls are attending the Camrose hospital this week, and from last reports are resting with good success. Staples' rat has yet to meet defeat, while Heric's rat has had one loss and Nesbitt's rat two. It looks as if the Wetaskiwin boys will get a goodly portion of the silverware. The rats are composed of the following players: J. R. Staples, skip; A. Red, J. King and J. P. Ellis; J. W. Heric, skip; H. J. Wells, Scott, Parham and L. McKittrick. N. MacEachern and Geo Graham.

Tom Marks the popular Irish comedian, who is this season appearing in a repertoire of Irish comedies, not only understands the old pretent of studying the action to the word, but is able to convey his meaning to his audience without any words whatever. There are a few actors on the stage to day that have such an expressive face. In the comedy "The Golden Rule" which Mr. Marks will appear in next Monday, though in some of the pantomime parts Mr. Marks never speaks a line of dialogue, he is able to read just what is passing in his mind. Some say it is personality and others call it magnetism, but the average will agree that it is a combination of both, in personality. However, you can judge for yourself when Tom Marks and his company appear at Angus the next Monday, Jan. 12th for a three nights' run with a complete change of program each evening. Seats on sale at prices to suit anybody 25 and 50 cts.

**TOM MARKS COMING NEXT WEEK**

**PAINEARLY DROVE HIM MAD**  
Suffered Horribly Until He Turned To "Fruit-a-Lives"

**A. A. CORNWELL**  
DEVELOPMENT, Oct. 10th, 1913  
"I am a general stockholder in the above address, and on account of the great good I have experienced from using 'Fruit-a-Lives', I recommend it strongly to my customers. They were a great boon to me. I can tell you in fact with confidence and a terrific pain at the base of my skull. The pain nearly drove me mad. Doctors (saw) it would turn to inflammation of the brain but I took 'Fruit-a-Lives' and it was cured. I have gained fifteen pounds since taking 'Fruit-a-Lives' and I believe they saved me from a disastrous illness."

**J. A. CORNWELL**  
For Headaches, Neuralgia, Rheumatism and other diseases arising from impure condition of the blood, 'Fruit-a-Lives' is invaluable and infallible. A box, 6 for \$2.00, trial size, 25c. All dealers or send on receipt of price by Fruit-a-Lives Limited, Ottawa.

**CROOKED LAKE**

Wednesday evening, Dec. 11st, the Crooked Lake Baptist Sunday School held their Christmas Entertainment. The school room, had been most attractively decorated for the evening by Miss Hildur Carlson, Miss Mary Ann, Mrs. Eric Rosen, The people from far and near gathered for the evening. The program began at 7:30 o'clock. The program was a most successful one. The program was a most successful one. The program was a most successful one.

**ALL BUSINESS HOUSES IN DIS- BURY BURNED**  
Calgary, Jan. 1.—Every business establishment in the town of Disbury was destroyed by fire which was discovered at 1:30 o'clock this morning and raged fiercely for three hours, sweeping the business section clean. Not a single business house remains. No residents were injured and much of the contents of the stores was saved. The fire had its origin in the Bijou theatre, a moving picture show, which had gained considerable headway when discovered and despite the efforts of the volunteer fire department, with forty good engines, burning by a strong wind, spread rapidly among the buildings of the business section, most of which were frame structures. The fire was extinguished and several of the motor machines were dispatched. Leaving here about four o'clock they made a run of forty miles in a little more than an hour, but arrived too late to be of material assistance. The loss is estimated at \$250,000 and it is thought that the insurance on the property destroyed will approximate about 75 per cent of the total loss.

"The places burned are as follows: 'The Palace' confectionery; 'Shantz-Harris', implement warehouse; 'John Shraeder', hardware shop; 'Shantz-Harris', jewelry; 'N. K. Klum', general merchandise; 'Alfred Smith', jewelry; 'John Shraeder', general merchandise; 'Chambers drug'; 'Charlie Hock'; 'Jones Bros', grocers; 'Royal Bank'.

"Old Chief Nassau of Admiralty Inlet" decorates the cover of January is one of HOD AND GUN IN CANADA, published by W. J. Taylor, Ltd., a stock, Ont. The leading article is descriptive of a trip to Esplanade Bay by the Hudson's Bay Company, and is illustrated by some striking photographs taken on the trip. Of particular interest are the reports of the Hamilton Fisher's article in the

November number on "Bull Moons and their Horns." Mr. E. J. Fraser's well written article on "The American Indian Language," H. Morton, "Bates' an amusing story entitled "The Burning Moon," etc., etc. The number is an exceptionally good one, the departments being replete with interesting information. Under the 'Trap' appears an account of the Grand International Tournament held at St. Thomas' Dec. 1st to 5th.

**C.P.R. HAVE DANNER YEAR**

The Canadian Pacific railway in 1913 completed its best construction program that was ever undertaken by the company in any year. Within the twelve months it has elapsed, the railway has completed a total of 100 miles in all. In connection with this the double track bridge, over the first river has been finished, and also the last double track bridge from the Transcan. # FIFTH ANNUAL PRE-INVENTORY

# JANUARY CLEARANCE SALE

## AT THE STAR STORE

"'Tis an ill wind that blows nobody any good."

On account of the mild Winter we are left with a considerable quantity of heavy Winter Goods on hand. We will not carry them over for we would lose money by so doing, so we prefer to sell at less than manufacturers' prices and so give our customers the direct benefit immediately. You will need the goods for there will still be a lot of cold weather, so don't fail to take advantage of the great bargains we are offering . . . .

## Her Cough Racked Her Terribly.

DR. WOOD'S NORWAY PINE SYRUP Effected A Cure.

Obstinate coughs and colds yield to the gentle, soothing and healing power of Dr. Wood's Norway Pine Syrup, and for the reason, persistent cough, often present in consumptive cases, it will be found exceedingly beneficial and pleasant to take. The use of it is generally indicated wherever symptoms of throat, or lung troubles appear, but especially so with all persons of a consumptive or catarrhal tendency, as its prompt curative properties speedily remove the danger, and restore the throat and lungs to a sound healthy state if used in time. Mrs. Edward Patterson, Young's Cove Road, N.B., writes: "I have had occasion to use Dr. Wood's Norway Pine Syrup, and can say that it is certainly a good medicine. About a year ago I contracted a severe cold which settled on my lungs, and the cough was so terrible, and I was in despair until a friend advised me to give Dr. Wood's Norway Pine Syrup a trial. I got a bottle, and before I had it half gone I found relief. I used two bottles, and have never been bothered since. I would not be without it in the house."

Price, 25c; family size, 50c. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

## MORE MONEY IN FARMING THAN REAL ESTATE

Two brothers named Weatherly threw up their jobs in a factory at Grand Rapids last spring, bought implements on credit, and homesteaded near Moose Jaw, Saskatchewan. They broke and sowed 170 acres. They have harvested 1,000 bushels of wheat from 100 acres, and 7,000 bushels of oats from the remaining seventy. They sold early cleaned up a handsome sum, returned to their summer's work, and have returned to their home city in Michigan, where they are buying a home.

an farmer, for twenty years in Kansas—good state, Kansas, in a big, populous country, with the markets of Kansas City, Omaha and Chicago all easy to reach—and then bought a quarter section at Picher Creek, Alberta. That was five years ago. Two years ago he took over 8,000 bushels of wheat, and sold it for \$5,000. Last year he realized over \$10,000 for the 12,000 bushels he reaped on 250 acres. It is his own money, and yields are greater, but it is too soon to quote his price. Last year, net returns were greater than the returns for wheat in 1913.

"If men are lucky. But their luck could not have happened anywhere else than in the new Canadian districts. Not in Michigan, nor in Kansas, nor in Ontario could the shrewdness of any thing of the kind with so little of capital or experience. It is for the "easy money" of this sort that most men are looking. The West is suffering seriously just now because so many have wanted quick riches, and the West could produce them, and expected them to come so quickly that hard, slow work wasn't worth while. It is a "three years' hold-over" state bills and implement notes have made the Weatherly pile of cash look very small. Half crop or other misfortune might have left their grocer and implement dealers with their debts instead of their cash.

—A day had begun as too many have done, by planning a real estate harvest instead of a big crop. They might have broken only enough to keep them going till the patent was earned and so have missed their fortunes. Hence a manager's skill hard work is making the West increasingly a country of big estates, by laying the numerous foundations of great fortunes as these. But the future should see less real estate "business" and the more permanent live stock farming. "The West is a wonderful country. But there, as everywhere else, though less so than in most places, Capital, Capacity and Character, Commonwealth, Cultivation and Cattle are all essential to profitable production in the lone run.—Canadian Courtyman.

## FOREST FIRE LOSSES, 1913

Dominion Forestry Branch Reports Remarkably Small Loss

The lowest level of forest fire loss on record in Canada was reached this year on Dominion Forest Reserves in Western Canada. From the first of April to the end of September several of these reserves escaped, without a single fire over ten acres in extent, the small fires that do occur being extinguished by the rangers before occasion for any damage to the timber. On the Rocky Mountains Forest Reserve, which has an area of 13,375 acres, the fire-loss amounted to but 1,150 acres of young timber of only moderate value. The total area burnt over 100 acres last year, but 3,000 acres representing only 0.02 per cent. of the area of this reserve. On the Dominion Forest Reserves in British Columbia, which have a total area of 2,420,480 acres not a single fire succeeded in spreading over a larger area than ten acres, and the only green timber injured by fire was four acres of young lodgepole pine. The records are not yet complete for Saskatchewan and Manitoba, but the available figures compare favourably with those cited. The above figures all so compare favourably with corresponding ones on the National Forests of the United States, where the area burned in 1913 although the smallest in recent years was somewhat over 6.00 per cent of the total reserved area.

In the Fire Districts on Dominion Crown Lands in the west patrolled by Dominion fire rangers the loss occasioned by forest fires last season is also remarkably small, nor is this wholly due to the large amount of rain which fell last summer in the west, for there were also several dry spells when fires occurred, which only the alertness of the fire-rangers prevented from occasioning large losses. In the "Coast Range" District, B. C., which being situated in the Rainy Belt is administered by the Dominion Forestry Branch, during June and July and August no less than 110 fires occurred, yet all of these fires were extinguished by the fire-rangers before any standing timber was destroyed.

New York, N.Y., Jan. 5.—The tank steamer, unknown, off Sandy Hook yesterday was the Oklahoma, and 22 of her crew perished. Eight were killed. This was the substance of wireless messages received here today. The engine of the oil men vessel had stopped and the ship was helpless. In a letter to the captain, Captain Bonnet reported that efforts to lose a boat to go to the rescue of the tank steamer crew failed in several of the crew being injured and the loss of the boat.

## AN UNUSUAL LAST REQUEST

The following is clipped from "The Democrat," Chamberlain, S.D.: Judge H. A. Van Dusen, who recently passed away at Huron, was buried with severe simplicity, particularly so when compared with the pomp and ceremony usually attendant upon the last rites of men who have served their fellowmen faithfully and well. In life Judge Van Dusen lived close to nature and at every occasion expressed by word or action his disapproval of the shame, vanity and extravagance which has afflicted mankind from the beginning of time. Before his death he prepared instructions relative to the burial of his body and it is embodied thoughts that are refreshing and heartening. His request which was written and filed in 1895, was carried out at his death. It follows:

"First—Let not my body be embalmed nor in any manner prepared for exportation. Nature having spoken, let me return to the dust modestly, unadorned and unadorned with so-called preservatives.

"Second—Let my burial be private, my remains being borne from my home to the grave, followed only by those who know and love me enough not to forget me when I am gone from view.

"Third—Let no costly bouquets and mounds of murdered flowers be heaped to do me hollow honor. In life I have loved flowers and in death I would not have my memory destroyed by flowers or my body covered with flowers. Let my body be buried in the earth, and let my memory be kept alive by the good deeds I have done in my life.

"Fourth—Let no so-called 'sermon' be preached over me. No perfunctory encomiums nor condolences fit either them or me who are in actual interest. No pulpit knows them nor me, nor ought of the world or condition to which I go, and his conventional ministerial flatteries must be as idle in death as they have always been distasteful to me in life.

"Fifth—Let no one weep mourning for me. Death is not a calamity, but as natural as life, and equally a part of the Divine plan. Pity the living, not the dead, who for all we know are fuller of life than ever. As for me, since God calls I go, believing that all is well. Therefore, do not weep and mourn, but trust me to a big whom I trust with all that is mine either here or hereafter. Let these things be as I have said and so farewell, and God be with you."

## "SOME ADS"

Wanted—A horse to do the work of a country minister.

John Jones, Grocer—Customers sending orders will be promptly executed.

Lost—A white-haired terrier by an old gentleman answering to the name of Tim with a black spot on his nose.

Wanted—A young man to take charge of three horses of a religious kind of mind.

Furniture moved to suit all pockets.

Edmond, Jan. 2.—To make the Saskatchewan river navigable from Edmonton to Winnipeg and thus relieve to a great extent the present excessive transportation charges billed against the farmers of the west is a project now occupying the attention of the Board of Trade.

With a view to bringing about its development, it has resolved that delegates from all points along the route of the project should be present at a meeting of the government.

## Geo. L. Owen AUCTIONEER AND GENERAL DEALER

Sales Conducted Anywhere in the Province. Satisfaction Guaranteed.

## NOTICE!

It has been reported through different parts of the Province that Bender Bros. had bought out my business. I wish to state that this report is false. I will be ready to conduct any Sale entrusted to my care after February 1st.

I would advise any farmer intending to have sales to have their stock in good shape, no matter what auctioneer you have to sell for you. You can always demand a better price.

In my past nine years experience I have only conducted three stock sales in the month of January and then struck very bad weather. Besides there are a lot of farmers that are undecided what to do until about the first of February.

Any person desiring my services for the coming spring will do well to pick their dates early. Write, wire or phone at my expense.

Yours for business, GEO. L. OWEN.

Who has conducted more mixed farm sales than any auctioneer in the Province.

Geo. L. Owen.

are not a new and untried remedy—our grandfathers used them. Half a century ago, before Confederation, they were sold in nearly every drug or general store in the Canada of that day, and were the recognized cure for thousands of homes for Constipation, Biliousness, Rheumatism, and Kidney and Liver Troubles. To-day they are just as effective, just as reliable as ever, and nothing better has yet been devised to

The butcher, the baker, the candlestick maker, the doc and the druggist who furnish me pills. I've figured and figured and I will be figured if I can see how I can pay all their bills. The world's drawing closer! The grocer insists on his money, and that P.D.Q.; the coal man is growling the plumber's howling, all merchants seem raising a hubbalo! The high cost of living is certainly giving the people more trouble than people desire, and where's the solution prescribed for the nation by statesmen who fanned us with language of fire? Before the election they did us, and promised relief, they'd strangle the thing of high price and high rent, but have they done that will lighten our grip? They forced and they fiddle, no, sidestep, the riding, the driving

**Provincial News**

Lacombe is feeling proud because his experimental farm supplied, by special request, a brace of turkeys for the Duke of Connaught's Christmas dinner.

Wainwright, Jan. 3.—Sometime in the near future, an agitation to be made as general as a petition from the Saskatchewan boundary, to reach Wainwright will be started by farmers who have long looked forward to the construction of the Wainwright-Battleford branch of the C.P.R. The petition will include more than five hundred farmers who are badly in need of a railroad to get their products to the world's market.

Athabasca, Alta., Jan. 5.—Telegraphic advice has been received here that Sgt. Harper, of the 68th Central Postal Directory, who was killed in action in the district with his party and Isaac Hunting and Mildred Shaw, the girl whom Hunting had abducted. All are reported of well in the party but will not reach Grande Prairie City for three weeks. The snow is deep in the mountains and the horses are about played out. Sgt. McDonald, who left here a week ago in search of Harner, has not yet reached Grande Prairie City.

Col. Gricekinn, commanding the 13th Military district, and Col. West, heretofore of the Transport and Stores department, came up from Calgary on Tuesday to inspect and take over the handsome new armory at Red Deer. The contractors, and subcontractors have been rushing things for a week in order to get things completed for the inspection. The building was taken over, and Col. Gricekinn expressed himself as very well satisfied with it. It will certainly form a fine home for the military units centring in Red Deer. Mr. C. A. Julian-Sharman, architect, Mr. Bairst, superintendent for Neeshit & Miller, the contractors, and Major J. Carlyle Moore have been indefatigable in trying to finish and perfect the building in all details, and they have reason to be pleased with the result. The cost will run about \$38,000.—Red Deer Advocate.

D.C. Coleman, general superintendent of the C.P.R. between Swift Current, Sask., and Field, B.C., was in Edmonton yesterday in his private car. Lillooet, attached to the night train from Calgary, on an inspection trip which he expects to cover his entire territory. In speaking of improvements being made in his division, Mr. Coleman stated that the roadbed between Edmonton is being improved and being brought up to the standard of the main line, and that the same is

also being done on the line east from Wetaskiwin. He declared that officially he had not been informed of the new track schedule to be established between Calgary and Edmonton, but spoke in a manner that might imply that such a schedule was being considered. Bulletin.

The memory of the Fitzgerald tragedy in the far north is still a very vivid one and the public will accordingly be greatly gratified by the news which comes to day of the safety of Sgt. Harper and his associates, who so long absence had given rise to much uneasiness. The work of law enforcement in the outlying sections still calls for the taking of great risks and the undergoing of severe hardships on the part of the Mounted Police and the manner in which they respond to the call of duty in such instances does not indicate any deterioration of the morale of a force that has played such a large part in the case of good government in Canada. Journal.

Ottawa, Jan. 2.—A report on strikes and lockouts which occurred in Canada between 1901-12 has been issued by the department of labor. It shows that the strikes for 12 years 1901 to 1912 have numbered 1,219, an average of 110 annually. The employees concerned in these strikes have numbered 319,589. The time lost in the strikes during the 12 years' falls somewhat under nine million days, the annual average being about three quarters of a million days. Estimating the value in round terms of one day's labor at \$2.50, the annual loss for the 12-year period is between two and twenty-three million dollars.

**Don't Do Housework**

WHAT WAS SO BAD.

Mrs. Thomas McMillan, Saltbrats, Sask., writes: "I thought it my duty to write and tell you how much your McMillan's Heart and Nerve Pills did for me. My heart was so bad I could not sleep, eat, or walk about the house. I could not do my housework at all, what my husband could not do had to go undone. I had two small children depending on me besides three men to cook for, and it worried me to not be able to do anything. My husband had taken some of your pills, some years ago, and insisted on me trying them, so I started, and before I had taken them two weeks I was considerably better, and before I had taken two boxes I was doing my own work again. Anyone suffering from heart or nerve trouble of any kind should just give your pills a trial. If anyone cares to write to me I will gladly give them all the information I know concerning your wonderful medicine."

McMillan's Heart and Nerve Pills are 50c. per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. McMillan Co., Limited, Toronto, Ont.
